QUAIL.

H. G. Sutton and wife returned home Tuesday from Grennell, Iowa and report a fine time while in the west. Mr. Sutton will sell his property at Quail and probably locate in Iowa.—Wm. Scott remains some better at this issue.—The protracted meeting at Bethel conducted by R. E. Todd, is doing splendidly with large audience at night.—The Hansford Telephone Co. will soon have their new lines complete from Brodhead to Wheeldons.—Elmer Scott, of Crawfordsville, Ind., was called to the bedside of his father, Mr. Wm. Scott who is not expected to live but a short while.

Most of our farmers are about through sowing wheat, and corn gathering will soon be the order of the day.—Laurz, the little daughter of Wade Proctor is reported better at this issue.

A RELIABLE REMEDY FOR CROUP.

With the dry, cold weather of the early winter months, parents of croupy children should be on the alert for ominous symptoms. There is no cause for anxiety, however, when Chamberlain's Cough Remedy is kept in the home. If this medicine is given as soon as the child becomes hoarse or even after the croupy cough has appeared, the attack may be warded off.

Mrs. S. Rosenthal, of Turner, Michigan says: "We have used Chamberlain's Cough medicine for ourselves and children for several years and like it very much. I think it is the only remedy for croup and can highly recommend it." For sale by Chas. C. Davis.

Bryan carried Somerset, Ky., by six votes. The city has heretofore been Republican by 150 to 200 votes.

The terms of thirty United States Senators expire the fourth of March next, and the Legislatures which will choose their successors were voted for Tuesday.

James Jennett, the alleged slayer of Cleveland Farmer, of Simpson county, has been placed in jail at Bowling Green to prevent probable mob violence.

Argument was begun Tuesday in the Supreme Court of the United States in the case of the Interstate Commerce Commission vs. Edward H. Harriman involving the right of the commission to compel Mr. Harriman to answer questions concerning the purchase by the Union Pacific Railway Company of the stocks of competing companies.

At any time when your stomach is not in good condition, you should take Kodol, because Kodol digests all the food you eat, and it supplies health and strength for the stomach in that way. Mr. Bryan heard for the third time the news of his defeat in the chief ambition of his career surrounded by a corps of newspaper correspondents and many of his neighbors. He showed bitter disappointment over the support he received in Greater New York. At 10 o'clock Tuesday night he retired. He withheld comment on his result.

BRODHEAD.

Brodhead did herself proud in Tuesday's election as she was the only precinct in the county to go for America's greatest man. I am ready to vote for him in 1912—Walter Miller, B. R. Wilmett Jr., D. Pike and Horace Benton all came home to vote Tuesday.—The Young Men's Club will give a masquerade party at their club rooms to night.—John E. W. T. and Thos. W. Evans were all in to vote Tuesday.—Mrs. Ellen Mahfey is visiting in Crab Orchard.—Miss Clarence Albright, of Barboursville was a charming visitor to our town last week and while here she was the guest of Mrs. Mary Albright—Mrs. Parks of Missouri and Mrs. Stewart of Silver Creek Kv., visited Meddanes Cass, Tharp and Albright here last week.—Mrs. G. W. Brooks has returned to her home at Williamsburg after a few days visit here to her mother, Mrs. M. E. Wilmett.

[Items carried from last week.]

Judge W. R. Cress, of Monticello spoke here Monday night to a very large and enthusiastic audience and it can be truthfully said to be one of the best and cleanest speeches ever heard in this town in a political campaign.—Mrs. J. W. Hutchison spent from Saturday until Monday with Mrs. M. B. Salin at Mt. Vernon.—We extend to Mr. Albright, editor of SIGNAL our heartfelt sympathy in the death of his mother. A large crowd from here attended the funeral at Maretburg Wednesday afternoon. Rev. A. J. Pike of this place officiated at the funeral.—R. L. McFerron

Dr. Percy Benton received a very high honor at the hands of the grand lodge of masons for Kentucky when he was made Grand Senior Deacon.—Mrs. P. A. Shelton has returned home from a ten days visit to Shepherdsville and Boston.—Mrs. L. B. Hilton, of Stanford is spending a few days here with her mother, Mrs. J. R. Cass.

Kennedy's Laxative Cough Syrup is used nearly every where, because it not only heals irritation of the throat and stops the cough but it drives the cold out of the system, through its laxative principle by assuring a free and gentle action of the bowels, and that is the only way to cure a cold. You can't cure it as long as you are constipated. Insist upon Kennedy's Laxative Cough Syrup sold by Chas. C. Davis.

Browning.—Mr. and Mrs. Jake Pike were in Mt. Vernon Thursday and were the guests of Mr. and Mrs. S. W. Davis.—Mr. J. W. Oliver spent a few days at McKee last week.—Mr. John W. Baker and Mrs. Sarah B. Dees were quite marred at the home of the bride Sunday, the Rev. Ogle officiating. Best wishes to the happy young couple.

Mrs. J. R. Hayes entertained at dinner Tuesday the following: Mesdames George Griffin, Jake Pike, J. T. Chewing, Egbert Hayes James Anderson, Rebecca Minter, L. R. Rowzee, Sue Mullins, Essie Painter, Mary Payne and "Aunt" Anne Owens. Mrs. Hayes proved herself to be an excellent cook, and the dinner was enjoyed immensely.—Mrs. Sue Mullins will entertain the same crowd at her home on High street Saturday, a fine time.

No material change will be made by Tuesday's election in the political completion of the next House of Representatives. Late returns indicated that the Republicans could count on 209 members and the Democrats on not less than 166 Congressmen, with the result in doubt in nine districts.

Look out for a panic after all these big dinners especially if W. J. B. is elected (but of course there isn't any danger of that).—Mrs. Cora White visited in Corbin last week.—Miss Helen Singleton visited her uncle, J. E. Pe-ru-na as a November Remedy.

The month of November, in temperate regions especially, requires of the human body a very radical adjustment to climatic conditions. The hot weather has passed, and cold weather has taken its place. That the CIRCULATION OF BLOOD IN THE SKIN SHOULD BE FREE and active is a matter of common knowledge. And in order that the body may be protected against the lowering temperature a vigorous circulation of blood in the skin must be maintained.

It is not so generally known, however, that the inside of the body also needs protection. THE MUCOUS MEMBRANE OF THE BODY, that line every passage and cavity and duct, also suffer from the change from hot to cold weather.

A medicinal compound that gently tones up these mucous membranes, enabling them to ADJUST TO WINTER WEATHER, is not only valuable to a great multitude of people, but to another multitude is absolutely essential to health.

Whether Peruna is a medicinal compound that meets these requirements can be judged by a hasty glance at some of its principal ingredients.

Take, for instance, hydraitis canadensis, which is an ingredient of Peruna. The United States Dispensatory says of this herbal remedy, that it is employed as a cure for DEPRIVED MUCOUS MEMBRANES, not only of the nose and head, but also of the stomach and intestines, as well as other internal organs. Hydraitis canadensis, ordinarily known as golden seal, is thus very clearly classed by the highest authorities as a valuable remedy wherever the mucous membranes of the body are in need of a little medicinal help.

Cedron is also one of the principal ingredients of Peruna. It is recognized by the United States Dispensatory and all leading works on materia medica, as a TONIC OF THE GREATEST VALUE. It is also an anti periodic and anti-malarial remedy, and is therefore frequently used as a SUBSTITUTE FOR QUININE. It is a remedy of great merit, somewhat overlooked by the medical profession of late, but its undoubted tonic qualities are sure to reinstate this remedy in its original high-class rank as a safe and efficient tonic and appetizer.

Another ingredient of Peruna which is of manifest benefit is cubeba. Bartholow, in his excellent work on therapeutics, states that cubeba PROMOTES THE APPETITE, ASSISTS DIGESTION, and increases the circulation of the blood. He also goes on to recommend it for catarrh not only of the head and pharynx, but also of the stomach, as well as the other internal organs.

LAST, BUT NOT LEAST, IS COLLINSOMIA CANADENSIS. This remedy, for many years has enjoyed a great reputation in southern states as a panacea for many diseases such as dropsy, indigestion, cramp, sick headache, and the like. Dr. Scudder, a writer of great fame, also recommends this herbal remedy for chronic diseases of the lungs and heart.

These are some of the principal ingredients of Peruna compounded into a single remedy by skillful and experienced pharmacists. The compound has been so devised that each remedy retains its full therapeutic value, one assisting the other in their beneficial action upon the human system, MAKING OF PERUNA A VERY EFFICIENT AND VALUABLE REMEDY.

People who pass through the month of November safely and find themselves acclimated to winter weather, generally pass through the remainder of the cold season without any serious difficulty. But NOVEMBER IS A CRITICAL MONTH. The adjustment of a large multitude of people fails to meet the exigencies of approaching winter.

No safer or more appropriate remedy than Peruna could be found. Taken according to the directions on the bottle, not only would catarrhal ailments be warded off but catarrh already acquired be corrected. It is with the assurance of knowing that we are right that we present to the public Peruna as an IDEAL TONIC AND CATARRH REMEDY.

We regret very much to learn that our good friend, Louis Landrum has severed his connection with the Lancaster Record, which was one of the best edited and cleanest sheets in the state. Mr. Landrum is a whole-soul fellow, and can claim many warm friends and especially so among the newspaper fraternity. We sincerely hope that whatever business he may engage in, that success will crown his efforts.

FOR the third time Mr. Bryan has been defeated for the Presidency. That he should ever be named as the leader again is improbable but that he shall continue to be looked upon as one of our greatest leaders and one of the nation's greatest men, there is no doubt. With Bryan as it was with Clay and Blaine, his greatness, his purity of heart and nobleness of purpose, is not appreciated.

POLITICS AND POLITICIANS

Authentic information from Creston, Ia., confirms the defeat of Congressman Hepburn for re-election from the Eighth Iowa district by W. D. Jamison, Democrat, by 100 votes.

John D. Rockefellar had to stand in line in a New York tailor shop for forty minutes before he had a chance to deposit his ballot. Almost directly behind him in the waiting line stood Judge Alton B. Parker, the Democratic presidential candidate of four years ago.

Bryan's majority in Kentucky will be in the neighborhood of 11,000. With twenty-eight precincts unreported, the Democratic ticket has a majority of 10,953. The missing precincts are not expected to greatly change the majority. Eight Democrats and three Republicans have been elected to Congress, the Republicans carrying Ninth, Tenth and Eleventh districts. Congressman Bennett barely escaped defeat at the hands of J. N. Kehoe, and it is possible that the official count may change the result. The first district gave the biggest Democratic vote in its history, going for Bryan by 13,000, while Ollie M. James' majority is even greater. The Republicans rolled a tremendous majority in the Eleventh. When the twelve missing precincts in this district are reported the majority will probably be over 22,000.

Democratic politicians expressed the opinion in Washington that Bryan's defeat was due to unlimited amount of money and an unwarranted lack of confidence in the principles and pledges of the Democratic platform.

"Big Jim" O'Leary, of Chicago, made the biggest book on the result of the election. He lost but one wager, and that related to Bryan's home precinct. O'Leary admits that his winnings surpass \$100,000.

Judge Judson Harmon claims that his plurality for Ohio's governorship will reach 50,000. The Republicans refuse to concede his election. Taft's majority in Ohio is believed to be about 25,000.

The mystery surrounding the disappearance of Willis E. Smith, a student, from Kentucky State University deepens, and a Pinkerton detective has arrived in Lexington to work on the case.

The British Colonial Office, it was learned Tuesday, recently offered President Roosevelt the freedom of the Government shooting preserves in Africa. Mr. Roosevelt replied that he wished to be treated only as a private citizen and did not desire special privileges.

At Republican headquarters in Indiana it is conceded that the Democracy of that State has made a clean sweep concerning the party candidates and elected Thomas R. Marshall Governor over James E. Watson by 25,000 majority. The Democrats will control the Legislature on joint ballot. This will enable the Democrats to name a successor to United States Senator James A. Hemenway. Ten Democrats have been elected to Congress. The official count is necessary to decide the contest in the First district.

MEN PAST SIXTY IN DANGER

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Remedy should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Remedy I feel better than I have for twenty years, although I am now 91 years old."

PREPARING FOR WAR.

In the fall and winter is the time for the farmers to prepare for war on predaceous insects, infertile soils and the coming adverse seasons. When it is too wet or too cold to do out-door work is the time to lay out the coming season's work. You have already outlined the system of rotation of crops you will follow, and now you can calculate on what you will do with the outlying land which you have and which must bear crops in order to retain its vitality and prove profitable. For you should no more have idle land than you should have idle hands or idle people on your farm. In the first place see that all land you intend using the coming year, and that all the land you have in cultivable condition, is flat broken to a depth of not less than four inches, and fully one inch deeper than at the previous breaking. Before doing this scatter all the manure you can scrape up on your place evenly over the land. Don't burn anything off your land. Turn all under that it may make humus for humus in the life of soil. The deeper the land is broken the greater the protection against drought next year. Many agriculturists depreciate deep breaking, but don't you believe them save in wet season.

Do not confine yourself to single crop; such a farmer is always poor. Plant corn, oats, cotton—and no matter whether you live in Kentucky, Tennessee, Alabama or Mississippi plant cotton, for cotton will grow in all these States and make a profitable crop. It has made good crop this year on the Ohio river near Cincinnati—plant sorghum, and when you give the corn its last plowing plant cowpeas. If you live on the Southern part of the Q. & C. line plant potatoes for the same market. Spray your fruit trees during the winter. One of the best sprays is old-fashioned home-made soft soap. As an insecticide it is better than most of the patent nostrums sold in the stores and has the additional virtue of costing nothing. If your trees are infected with insects write me and I will help you find a means to destroy them. Above all things plant a garden and feed the good wife and kids on fresh vegetables. They will make the wife smile sweeter and the kids learn easier. And finally plant a few hogs. That you can't put down for the winter eating you can sell for spot cash.

Your friend, W. M. Bamberger, Agricultural Superintendent Q. & C. Route.

REV. I. W. WILLIAMSON TESTIFIES.

Rev. I. W. Williamson, Huntington, W. Va., testifies as follows: "This is to certify that I used Foley's Kidney Remedy for nervous exhaustion and kidney trouble, and am free to say that Foley's Remedy will do all that you claim for it."

FINANCE AND IMMIGRATION

Financial depressions in the United States have largely to do with a decrease of immigration and an increase of emigration. The New York figures for the year up to an including October, 1908, are said to show a decrease as against 1907 of 956,329; also, that there is an increase for same time in emigration are of considerable interest. From 1820, when records were commenced, to the close of 1907 the immigration amounted to 25,985,237 persons. Add to this 25,000, as an estimate of the immigration from 1789 to 1820, and we have a total of 26,235,237. For all practical purposes of comparison these figures are correct. If we are to presume that economic conditions, including financial depressions in the United States have to do considerably with immigrations we are supported by some peculiar figures for a calculation. This falling off during the year soon to close is supposed to be due to what in New York has become known as the "great panic of 1906-7." We find, according to the tables, that in 1873 the failures amounted to \$28,499,900, while the immigration that year was 469,803, more by nearly 50,000 than in the preceding year. But in the following years of 1864 and 1875 the immigration was only 313,339 and 227,798 respectfully.

There was annual decrease of immigration down to 1879, when it fell to 177,826. During those years failures were very heavy, reaching 10,478 instances, involving \$234,383,132. In 1884 and 1885 there was another increase of failures, being 10,968 and 10,637 respectively, with the amounts estimated at \$22fl,343,427 and \$124,320,321. The immigration in 1884 was 518,592, but for the years 1885 and 1886 it dropped to 395,346 and 334,203. In 1893, the most disastrous in totals in the financial history of our country, there were reported 15,242 failures, for \$346,779,889. In 1892 immigration had again reached a high tide, being 648,743. But the gloom of 1893 resulted in a reduction of immigration to 314,467 for 1894 and 279,948 for 1895.

Following recovery of the country from those disastrous times the immigration increased wonderfully showing finally in 1905, 1,027,421; in 1906, 1,100,735, and in 1907, 1,285,349.—Enquire

What Would You Do

If three good physicians should pronounce your case hopeless. If they should decide that you could not live longer than six weeks. And if you should get well, after using only \$12.00 worth of Dr. Miles' Heart Cure and Nervine, what would you advise a friend in like condition to do?

"I have to thank you for saving my wife two years ago. We had consulted with the doctor until the third doctor, who was the previous one, said that nothing could be done for her; that she had better be taken home from the hospital to quietly wait her time, which would not be over 6 weeks at the most. I brought her home, and then I thought probably Dr. Miles' Heart Cure might help her, so I got a bottle of each and some Nerve and Liver Pills and sent them to give them to her. We soon seen an improvement and encouraged by this we continued giving the medicine. We gave her eleven bottles all of the time. She takes it occasionally now if she feels the need. I am in the ministry, and have been for 44 years."

This is the season of the year when men without any experience whatever in the handling of firearms go forth into the woods and fields in search of game, and through their carelessness and ignorance contribute to the tragedy records and the work of the hospitals. Now the huntsman shoots a companion, mistaking him for game. Again he shoots himself, perhaps dragging his gun after him, as he climbs the fence, maybe failing to observe the common precaution regarding loading and unloading. Scarcely a day passes without bringing the news of some such unnecessary disaster, attributable in almost every case to the recklessness of the hunter. So often are men shot by others through misfortune in the woods that this has come to be recognized as a distinct form of casualty, and every year a certain number of deaths and woundings in the woods may be anticipated.

Men go into the woods without experience with the same readiness they go into the water. The summer boating accident is almost invariably the result of inexperience. Some parents allow their children to go out with guns without any thought whatever for the possible consequences. They learn too late the truth that firearms make poor playthings for the young.

ALBRIGHT.—"Of all sad words
of tongue or pen, the saddest yet,
are these," mother is gone. Just a
few minutes after the clock rang
out the eventful hour, on Tuesday
Oct. 27th, the Godly spirit of
our good mother, Mrs. Nannie
Catherine Albright, took its flight
to Him, who gave it.

Mother was 54 years, 5 months
and 19 days old. When only 15
years old, she was united in the
holy bonds of matrimony to John
C. Albright and to this union were
born three children, the youngest
a daughter which died in its
infancy and two sons William and
the writer. For fourteen years
father, mother and brother were
with me and at that old country
home near Freedom church, were
spent the pleasant hours of an
unbroken family circle. All was
peace happiness and comfort. But;
alas! the silver cord was loosed, the
golden cup was broken, the home
had lost its charm, for father was
gone. Only a few years passed
when the grim reaper, death bent
down upon that manly form and
brother was called to join the loved
one gone before. A few years
come and go, when we must stand
by the bed side of mother and see
her breath out her last. All that
skilled physicians and loving hands
could do to alleviate her suffering,
was of no avail and with anguish
hearts could but only wait the
fateful end.

None but those who have sat in
the shadow of a great bereavement
can justly weigh such a sorrow as
this. Her life was gentle, but like
the still waters it was deep. In
her heart of hearts she carried
those she loved and her hand was
never weary, her step never failed
in ministering unto, caring for,
waiting upon those who were in
any way dependent upon her.
None ever entered her home with-
out a warm welcome nor left with-
out feeling the warmth of a genuine
hospitality.

She was a faithful member of the
Christian church. She was not
only faithful to her church but just
as faithful in believing that it was
her duty as a Christian to do the
will of her Master at all times.

The floral offerings were
beautiful, presented by the Willing
Workers, The Lady Maccabees and
admiring friends. Besides the
writer, there is left an aged mother,
now in her eighty-fourth year, who
is broken hearted, because of the
loss of her only child, and with the
strain of so many years weighing
so heavily upon her it is seemingly
more than she can bear.

The funeral services were con-
ducted at the Christian church by
Rev. A. J. Pike and Walter Brock
and Mr. W. H. Cox, after which
the remains were laid to rest in the
Marenbarg cemetery beside her
husband and son, our father and
brother to await the glorious
resurrection morn.

"Fear thee well mother, oh thou to
memory dear!
Dust to dust, and lulled to
slumbers sweet;
Sleep on, forever, in the prison
drear—
But in the realms on high shall
our spirits meet."

CARD OF THANKS.—We wish to
return our heartfelt thanks to the
many generous friends who stood by
us, with such unwavering kindness
during the time our dear moth-

er was called upon to suffer before
entering upon "the rest prepared
for the children of God," and crossed
to the "beautiful home over there."

Seldom have any in need
of sympathy and the most devoted
friendship, received so full a mea-
sure of the best fruits of the human
heart. From first to last it was
one unceasing routine of kindness,
attention and the gloom of death
was conquered by the warm radi-
ance of the love bestowed upon our
dear one, who has gone before.

All that human power could do to
alleviate suffering and mitigate our
sorrow was done. Nothing that
skill could suggest or love supply

was wanting, and the altar of friend-
ship was even laden with its holiest
incense.

May the bread they so
lavishly and generously cast upon
the water return to them after
many days and He who "tempers

the wind to the shorn lamb" pro-
tect them from all harm and long
shield them from the sorrow, sick-
ness and death incident to humani-
ty; and when they come, as come

they must to one and all, may they
be sustained and comforted by
friends as noble, generous and de-
voted. More, we could not ask
for them; more, friendship could
not give.

TAFT CAPTURES THE PRESIDENCY WITH 298 ELECTORAL VOTES

OHIOAN HAILED THE VICTOR WITH PLURALITIES GREATER THAN ROOSEVELT'S IN MANY REPUBLICAN STRONGHOLDS—HE HAS CARRIED PRACTICALLY THE ENTIRE EAST AND MIDDLE WEST.

THE ELECTION IS BIG WITH SIGNIFICANCE—EVERWHERE THAT MR. BRYAN AND MR. GOMPERS MADE A SPECIAL EFFORT TO DEFEAT THE MAN HE HAD PLACED ON THE UNFAIR LIST HE CAME TO GRIEF—it was the first effort of organized labor to align itself with a political party, and it will probably be the last.

EXECUTIVE HEADS OF NEXT NATIONAL ADMINISTRATION.

New York, Nov. 4.—It is the same old Bryan tidal wave. A tidal wave swept William Howard Taft into the white house just as it swept William McKinley thither in 1896 and 1900.

Mr. Taft's majority in the Electoral college will be at least 100. Gov. Hughes has been re-elected in New York by a plurality of approximately 45,000. The house of representatives is safely Republican. Even "Uncle Joe" Cannon, despite the efforts of Mr. Gompers, has snatched himself like a brand from the burning and is re-elected in the Danville (Ill.) district by a plurality of 6,000 and 7,000.

The victory for the administration and the Roosevelt policies is overwhelming. In a word, Mr. Taft has carried practically the entire east, from Maine to Virginia and from the Atlantic to the Alleghenies. He has carried practically the entire middle west. His victory in Illinois is so great that one almost fails to credit the reports. Cook county, in which the city of Chicago is situated and in which Mr. Bryan firmly believed he had started his political evolution, was carried by Taft by up to 40,000 plurality. In the state Taft beat Bryan almost to one.

Michigan, Wisconsin and Minnesota have all gone heavily for Taft. Both the Dakotas are Republican on the national ticket.

Kansas is Republican by at least 20,000.

Taft has easily even given the Democratic nominee a close contest in the border state of Kentucky. Indeed so easily has the Republican candidate walked in that one wonders why the Republicans have so barely secured nearly working Mr. Taft and the white house sanguinophore to death and generally boding every energy to make the victory so emphatic.

The election is big with significance. Speaker Cannon is re-elected; Representative Dalzell is re-elected; Representative Payne is re-elected. Everywhere that Mr. Bryan and Mr. Gompers made a special effort to defeat the man he had placed upon the unfair list he came to grief. It was the first effort of organized labor to align itself with a political party, and it will probably be the last.

And another significant thing in the election is its probable effect on the future of Tammany hall. Tammany has failed utterly to make good its promises to Mr. Bryan regarding the Democratic vote in this city. That Bryan should not have polled a very large vote here, approximating 100,000 more than Taft, will be a bitter disappointment to all the Bryan followers. The day before the election a delegation of enthusiastic supporters of Bryan waited upon one of the most prominent men in Tammany hall and plainly told him that Tammany did not give the Bryanites a chance. The Bryanites would be beaten on Tammany in the next mayoralty election and the Bryanites would be used to elect a Republican mayor.

This phase of voting was causing the gravest apprehension to the more intelligent and conservative members of the wiggam.

There has been a slaughter of Republican gubernatorial candidates in states which Taft has carried. Olley Arnold, Democrat, is elected in Rhode Island; Gov. Burke is re-elected in North Dakota; Gov. Johnson is re-elected in Minnesota. Some of the pluralities for Taft are enormous. New York, 50,000; Vermont, 18,000; Massachusetts, 100,000; New Hampshire, 20,000; Wisconsin, 75,000; Michigan, 100,000; Illinois, 200,000; Pennsylvania, 350,000.

There has also been an increase in the Republican vote in the southern states. Twenty thousand more men voted for Taft in Florida, than for Roosevelt four years ago. Virginia's plurality for Bryan has fallen to 18,000 and the Republicans have gained a member of congress. There has also been a considerable gain in the Republican vote in Tennessee, Georgia and North Carolina.

New Jersey, like New York, has increased the Republican plurality. It gave 50,000 for Roosevelt in 1904. Taft carries it by more than that.

the state of New York and found much encouragement in the gains he was making up state over the Democratic vote of 1904, but as the figures continued to be received he relied on Greater New York to offset the heavy Taft vote above the Harlem river. Even in that he was bitterly disappointed, and he soon realized that the state was hopelessly gone, and with it his prospects of being elected.

PENNSYLVANIA.
Philadelphia, Nov. 4.—Republican leaders claim Pennsylvania for Taft by more than 300,000 plurality. The legislature, they claim, will be overwhelmingly Republican.

OKLAHOMA.

Oklahoma City, Nov. 4.—The Democratic state chairman, Thompson, claims the state for Bryan by 40,000.

VERMONT.

White River Junction, Vt., Nov. 4.—William H. Taft carried Vermont by about 27,000. Returns from all the cities and 144 of the 240 towns give Taft 27,000, Bryan 8,346.

MISOURI.

St. Louis, Nov. 4.—Scattered returns indicate that Bryan has carried Missouri by 38,000 plurality and that Cowherd (Dem.) has defeated Hadley for governor by 20,000.

ILLINOIS.

Chicago, Nov. 4.—Indications now are that Taft has carried the state by 170,000. Denon, the Republican candidate for governor, has been elected by approximately 100,000. The legislature, which elects a United States senator, will be strongly Republican.

GEORGIA.

Atlanta, Ga., Nov. 4.—Democratic candidates for congress elected in all of the Georgia districts, numbering 11. Re-election of United States senator Clay (Dem.) is assured. No state offices were involved.

WISCONSIN.

Milwaukee, Nov. 4.—The Sentinel claims the state for Taft and Davidson on an estimated plurality of 75,000.

HARMON.

Harmon, the democratic nominee for governor, is running ahead of the vote given for John M. Pattison, the nominee of the same party in 1906, who carried the state by 42,000. The lead, however, is changing with the returns from the rural counties and it is a fair presumption that Andrew L. Harris, the Republican nominee, will be elected by a safe plurality.

Because of the streaked character of the voting the returns upon the congressional contests are confusing. It is likely that Nicholas Longworth, the son-in-law of President Roosevelt, will be returned in the First district by a small plurality.

TAFT WINS IN HAMILTON COUNTY.
Cincinnati, Nov. 4.—Seventy-three scattering precincts out of 321 received by the local board of elections show that Taft has carried Hamilton county by a plurality of anywhere from 100,000 up. Cleveland, Cincinnati, Toledo and Dayton, all large centers, gave a very heavy vote for Mr. Taft.

A dramatic feature of the fight for the governor of New York was the last rally of the bookmakers and racing men to Chamberlains. Coming on a special train from Baltimore Monday night they drove the betting odds on Hughes almost to even. When the returns began to come in from New York, indicating a large vote for Bryan, the indications were that Ohio was to the country-wide belief that it was doubtful.

His plurality, as shown by the handful of precincts that have been heard from, will be in the neighborhood of 100,000.

The indications are that he has carried the great labor centers of Cincinnati, Cleveland, Columbus and Toledo, and that the agricultural districts have failed to return to the Bryan column with the expected strength.

Harmon, the democratic nominee for governor, is running ahead of the vote given for John M. Pattison, the nominee of the same party in 1906, who carried the state by 42,000. The lead, however, is changing with the returns from the rural counties and it is a fair presumption that Andrew L. Harris, the Republican nominee, will be elected by a safe plurality.

Because of the streaked character of the voting the returns upon the congressional contests are confusing. It is likely that Nicholas Longworth, the son-in-law of President Roosevelt, will be returned in the First district by a small plurality.

DEMOCRATS WIN IN KENTUCKY.
And captured nine of the Congressmen.

PLURALITY OF TAFT IS 10,000.
In Indiana—Marshall Looks Like Victim Over Watson.

Indianapolis, Ind., Nov. 4.—Incomplete returns from throughout the state indicate that the Republicans have been struck by a landslide, and that their nominee for governor, James E. Watson, has been defeated by R. Y. Thomas, Jr., in the Third.

The same returns indicate that Judge Taft has carried Indiana by a plurality exceeding 10,000. The returns show that Judge Taft's strength was a great disappointment to the Republican organization in particular, and to his followers generally, who had been counting on his winning an easy victory by a plurality ranging from 20,000 to 40,000.

While Chairman Goodrich and his associates have not authorized any statement giving Indiana to Thomas R. Marshall, the Democratic nominee for governor, they stated privately that he had carried the state.

The Democratic leaders are insisting that Marshall has carried Indiana by a plurality exceeding 10,000 and that the result, so far as Taft and Bryan are concerned, is in doubt.

It looks now as if the Republicans have lost control of the legislature on joint ballot, which would mean the retirement of Senator James A. Henaway of Booneville.

The worst losses the Republicans have sustained are in counties like Marion, Vigo, Vanderburgh, Allen, Madison, Delaware, Wayne and Tippecanoe.

The report from 900 precincts, covering practically every section of the state, shows the Taft total to be 126,362 and Bryan's 123,832. Their plurality being 2,450. There are 3,248 precincts in the state.

Watson's vote in the same 900 precincts is 111,693 and Marshall's 118,502. Marshall's plurality being 6,893.

On the basis of latest returns Republican Chairman Goodrich believes that Watson has a chance to pull through by a very close margin.

BRYAN CONFIDENT TO VERY LAST.

But Realized His Prospects When Told He Had Lost New York.

Fairview Lincoln, Neb., Nov. 4.—William J. Bryan received at his home, Fairview, the returns which early told him for the third time he had been defeated in the greatest calamity of his life. Confident of victory to the very last, he was not prepared to believe that his cause was lost until the pluralities of his Republican opponent piled in such proportions as to leave no room for doubt.

When the early returns came in he made particular inquiries regarding

the gravest apprehension to the more intelligent and conservative members of the wiggam.

There has been a slaughter of Republican gubernatorial candidates in states which Taft has carried. Olley Arnold, Democrat, is elected in Rhode Island; Gov. Burke is re-elected in North Dakota; Gov. Johnson is re-elected in Minnesota. Some of the pluralities for Taft are enormous.
